## **Analog Devices Reports Strong Third Quarter Results with Revenue Above the High-End of Guidance and Double-Digit year-over-year EPS Growth**

- **Revenues of \$1.57 billion; B2B sales increased double digits year-over-year**
- **Operating Cash Flow of \$2.4 billion and Free Cash Flow of \$2.2 billion on a trailing twelve months basis**
- **2x target leverage achieved ahead of plan, reinstates share buyback program and increases share repurchase authorization by \$2 billion**
- **B2B sales projected to increase low double digits year-over-year in the fourth quarter**

NORWOOD, Mass.--(BUSINESS WIRE)--August 22, 2018--Analog Devices, Inc. (Nasdaq: ADI), the leading global high-performance analog technology company, today announced financial results for its third fiscal quarter, which ended August 4, 2018.

“We delivered outstanding financial results for the third quarter, reflecting the strong execution of our strategy,” said Vincent Roche, President and CEO. “I am particularly pleased with our revenue growth year-over-year which benefited from continued high demand for our products across our B2B markets. Our continued strong growth and profitability allowed us to achieve our leverage target three quarters ahead of our plan, and reinstate our share repurchase program as we enter the fourth quarter.”

“ADI is uniquely positioned to support the evolving needs of our customers in the third wave of the Information and Communications Technology revolution. With our leadership in high performance analog, we will continue to innovate to build industry-leading solutions to enable us to capture growth opportunities, gain market share, and deliver value for our customers and shareholders.”

In a separate release issued August 21, 2018, ADI announced that it has reinstated its share repurchase program and that its Board of Directors has authorized the Company to purchase an additional \$2 billion of its common stock.

The ADI Board of Directors has also declared a quarterly cash dividend of \$0.48 per outstanding share of common stock. The dividend will be paid on September 12, 2018 to all shareholders of record at the close of business on August 31, 2018.

Supplemental schedules relating to our third quarter fiscal 2018 financial results are also available on our investor site at [investor.analog.com](http://investor.analog.com).

\* The sum of the individual per share amounts may not equal the total due to rounding.

(1) Excludes \$43 million of costs comprised of the following:

- \$35 million of recurring amortization of purchased intangible assets
- \$7 million of recurring depreciation of step up value on purchased fixed assets
- \$1 million of recurring fair value adjustment associated with the replacement of share-based awards in ADI's acquisition of Linear Technology

(2) Excludes \$121 million of costs comprised of the following:

- \$108 million of recurring amortization of purchased intangible assets
- \$7 million of recurring fair value adjustment associated with the replacement of share-based awards in ADI's acquisition of Linear Technology
- \$5 million of transaction and integration related costs associated with ADI's acquisition of Linear Technology
- \$1 million of restructuring-related expenses

(3) Excludes the tax effects of the reconciling adjustments noted in the two footnotes above.

(4) Includes \$0.45, which represents the net impact of the non-GAAP adjustments noted above on a per share basis consisting of:

- acquisition-related expenses including amortization of purchased intangible assets, depreciation of step up value on purchased fixed assets, and the fair value adjustment associated with the replacement of share-based awards in ADI's acquisition of Linear Technology (\$0.42)
- acquisition-related transaction costs (\$0.01)
- the effect on income tax of the prior items (\$0.01)

**Conference Call Scheduled for Today, Wednesday, August 22, 2018 at 10:00 am ET**

## **Non-GAAP Financial Information**

This release includes non-GAAP financial measures that are not in accordance with, nor an alternative to, generally accepted accounting principles and may be different from non-GAAP measures used by other companies. In addition, these non-GAAP measures are not based on any comprehensive set of accounting rules or principles.

*Schedules E and F of this press release provide the reconciliation of the Company's historical non-GAAP measures to their most comparable GAAP measures.*

Management uses non-GAAP measures internally to evaluate the Company's operating performance from continuing operations against past periods and to budget and allocate resources in future periods. These non-GAAP measures also assist management in evaluating the Company's core business and trends across different reporting periods on a consistent basis. Management also uses these non-GAAP measures as the primary performance measurement when communicating with analysts and investors regarding the Company's earnings results and outlook and believes that the presentation of these non-GAAP measures is useful to investors because it provides investors with the operating results that management uses to manage the Company and enables investors and analysts to evaluate the Company's core business. Management also believes that the non-GAAP liquidity measure free cash flow is useful both internally and to investors because it provides information about the amount of cash generated after capital expenditures that is then available to repay debt obligations, make investments and fund acquisitions, and for certain other activities.

### **The following item is included in our non-GAAP revenue, non-GAAP gross margin, non-GAAP operating income, non-GAAP operating margin, and non-GAAP diluted earnings per share:**

*Acquisition-Related Deferred Revenues:* Deferred revenue related to shipments of Linear Technology products by distributors to end customers that were received by the distributors prior to the Company's acquisition of Linear Technology. Business combination accounting principles require the write down of deferred revenue in conjunction with the acquisition. We included these revenues in our non-GAAP measures because they relate to a specific transaction and are reflective of our ongoing financial performance.

### **The following item is excluded from our non-GAAP gross margin, non-GAAP operating expenses, non-GAAP operating income, non-GAAP operating margin, and non-GAAP diluted earnings per share:**

*Acquisition-Related Expenses:* Expenses incurred as a result of current and prior period acquisitions and primarily include expenses associated with the fair value adjustments to inventory, property, plant and equipment and amortization of acquisition related intangibles, which include acquired intangibles such as purchased technology and customer relationships. Expenses also include severance payments, equity award accelerations and the fair value adjustment associated with the replacement of share-based awards related to the Linear Technology acquisition. We excluded these costs from our non-GAAP measures because they relate to specific transactions and are not reflective of our ongoing financial performance.

### **The following items are excluded from our non-GAAP operating expenses, non-GAAP operating income, non-GAAP operating margin, and non-GAAP diluted earnings per share:**

*Acquisition-Related Transaction Costs:* Costs directly related to the Linear Technology acquisition, including legal, accounting and other professional fees, as well as integration-related costs. We excluded these costs from our non-GAAP measures because they relate to a specific transaction and are not reflective of our ongoing financial performance.

*Restructuring-Related Expense:* These expenses are incurred in connection with facility closures, consolidation of manufacturing facilities, severance, and other cost reduction efforts. We excluded these expenses from our non-GAAP measures because apart from ongoing expense savings as a result of such items, these expenses and the related tax effects have no direct correlation to the operation of our business in the future.

### **The following items are excluded from our non-GAAP provision for income taxes and non-GAAP diluted earnings per share:**

*Tax-Related Items:* Tax adjustments associated with the non-GAAP items discussed above. In the third quarter of fiscal 2018 the Company recorded a \$4.2 million tax benefit related to the release of a tax reserve for an expired tax year. In the second quarter of fiscal 2018 the Company recorded a \$3.8 million tax benefit related to the release of a tax reserve for an expired tax year. In the third quarter of fiscal 2017, the Company released \$51 million of reserves associated with a favorable ruling on its petition with the U.S. Tax Court regarding the beneficial treatment of dividends paid from foreign owned companies under The American Jobs Creation Act. Also, in the third quarter of fiscal 2017, the Company recorded \$98 million of tax expense associated with the remittance of cash held outside of the United States related to the post-acquisition integration of Linear Technology. We excluded these tax-related items from our non-GAAP measures because they are not associated with the tax expense on our current operating results.

### **The following item is excluded from our calculation of adjusted free cash flow:**

*One Time Tax Payment:* In the third quarter of fiscal 2017, the Company paid \$750 million in income taxes associated with the acquisition of Linear Technology. These payments were principally related to pre-acquisition liabilities but also included \$98 million associated with the remittance of cash held outside of the United States related to the post-acquisition integration of Linear

Technology. We excluded these payments from our adjusted free cash flow measure because they relate to a specific transaction and are not reflective of our ongoing financial performance.

These non-GAAP measures have material limitations in that they do not reflect all of the amounts associated with the Company's results of operations as determined in accordance with GAAP and should not be considered in isolation from, or as a substitute for, the Company's financial results presented in accordance with GAAP. In addition, the Company's non-GAAP measures may not be comparable to the non-GAAP measures reported by other companies. The Company's use of non-GAAP measures, and the underlying methodology when including or excluding certain items, is not necessarily an indication of the results of operations that may be expected in the future, or that the Company will not, in fact, record such items in future periods.

## **Forward Looking Statements**

*This press release contains forward-looking statements, which address a variety of subjects including, for example, our statements regarding expected revenue, earnings per share, gross margin, operating expenses, interest and other expense, tax rate, and other financial results, expected market share gains, operating leverage, production and inventory levels, expected market trends, and expected customer demand and order rates for our products and expected benefits and synergies of the acquisition of Linear Technology Corporation (“Linear Technology”), including expected growth rates of the combined companies, expected product offerings, product development, marketing position and technical advances resulting from the transaction. Statements that are not historical facts, including statements about our beliefs, plans and expectations, are forward-looking statements. Such statements are based on our current expectations and are subject to a number of factors and uncertainties, which could cause actual results to differ materially from those described in the forward-looking statements. The following important factors and uncertainties, among others, could cause actual results to differ materially from those described in these forward-looking statements: any faltering in global economic conditions or the stability of credit and financial markets, erosion of consumer confidence and declines in customer spending, unavailability of raw materials, services, supplies or manufacturing capacity, changes in geographic, product or customer mix; changes in our estimates of our expected tax rate based on current tax law, including current interpretations of the Tax Cuts and Jobs Act of 2017; higher than expected or unexpected costs associated with or relating to the acquisition of Linear Technology and the integration of the businesses; the risk that expected benefits, synergies and growth prospects of the acquisition may not be fully achieved in a timely manner, or at all; the risk that Linear Technology’s business may not be successfully integrated with Analog Devices’; the risk that we will be unable to retain and hire key personnel; and the risk that disruption resulting from the acquisition may adversely affect our business and relationships with our customers, suppliers or employees. For additional information about factors that could cause actual results to differ materially from those described in the forward-looking statements, please refer to our filings with the Securities and Exchange Commission (“SEC”), including the risk factors contained in our most recent Quarterly Report on Form 10-Q and Annual Report on Form 10-K. Forward-looking statements represent management’s current expectations and are inherently uncertain. Except as required by law, we do not undertake any obligation to update forward-looking statements made by us to reflect subsequent events or circumstances.*

Revenue Trends by End Market (Unaudited)  
(In thousands)

The categorization of revenue by end market is determined using a variety of data points including the technical characteristics of the product, the "sold to" customer information, the "ship to" customer information and the end customer product or application into which our product will be incorporated. As data systems for capturing and tracking this data evolve and improve, the categorization of products by end market can vary over time. When this occurs we reclassify revenue by end market for prior periods. Such reclassifications typically do not materially change the sizing of, or the underlying trends of results within, each end market.

## Analog Devices Reinstates Share Repurchase Program; Increases Authorization by \$2 Billion

NORWOOD, Mass.--(BUSINESS WIRE)--August 21, 2018--Analog Devices, Inc. (Nasdaq: ADI), the leading global high-performance analog technology company, today announced that it has reinstated its share repurchase program, and that its Board of Directors has authorized the Company to repurchase an additional \$2 billion of its common stock.

Vincent Roche, President and CEO, said "Today's announcement reflects our confidence in ADI's strong performance and the successful execution of our strategy. I am pleased that we have achieved our 2x leverage ratio goal ahead of plan, allowing us to enhance our capital returns to shareholders through both our quarterly dividend and share repurchases."

"Our goal is to continue delivering broad revenue growth and generate strong cash flow to enable us to invest in the business, grow our capital returns, and deliver shareholder value for years to come."

Analog Devices commenced its common stock repurchase program in fiscal year 2004, and since then the Company has repurchased a total of approximately \$5.4 billion of its common stock. Under the program, the Company may repurchase outstanding shares of its common stock from time to time on the open market or through privately negotiated transactions. ADI management will determine the timing and amount of shares repurchased.

ADI's management will discuss its updated capital allocation strategy on its regularly scheduled conference call regarding third quarter fiscal 2018 results, which will take place **Wednesday, August 22, 2018 at 10:00 am ET**.

### Forward Looking Statements

*This press release contains forward-looking statements, which address a variety of subjects including, for example, our statements regarding the Company's capital allocation strategy and expected capital returns to shareholders, including quarterly dividends and share repurchases, expected revenue growth, investment strategy and cash flow generation, and other financial results and objectives. Statements that are not historical facts, including statements about our beliefs, plans and expectations, are forward-looking statements. Such statements are based on our current expectations and are subject to a number of factors and uncertainties, which could cause actual results to differ materially from those described in the forward-looking statements. The following important factors and uncertainties, among others, could cause actual results to differ materially from those described in these forward-looking statements: any faltering in global economic conditions or the stability of credit and financial markets, erosion of consumer confidence and declines in customer spending, unavailability of raw materials, services, supplies or manufacturing capacity and changes in geographic, product or customer mix. For additional information about factors that could cause actual results to differ materially from those described in the forward-looking statements, please refer to our filings with the Securities and Exchange Commission ("SEC"), including the risk factors contained in our most recent Quarterly Report on Form 10-Q and Annual Report on Form 10-K. Forward-looking statements represent management's current expectations and are inherently uncertain. Except as required by law, we do not undertake any obligation to update forward-looking statements made by us to reflect subsequent events or circumstances.*
